

Architect / Architectural Technologist

INC Architects

Location: Hanley, Stoke-on-Trent

Contract: Full-time

Salary: Competitive, dependent on experience

About INC Architects

INC Architects is a design-led architectural practice delivering thoughtful, well-crafted projects across a range of sectors. We are committed to producing high-quality, technically robust architecture and pride ourselves on a collaborative studio culture where ideas, initiative and professional development are actively encouraged.

Due to a growing workload, we are seeking a **qualified technical Architect or Architectural Technologist** with **3+ years post-qualification experience** to join our team.

The Role

The successful candidate will work across multiple stages of projects, from concept through to delivery, and play an active role within project teams. This is an excellent opportunity for a motivated professional looking to take on increased responsibility within a supportive practice environment.

Responsibilities will include:

- Working on projects across various RIBA stages
- Producing detailed design and technical drawing packages
- Coordinating with consultants, contractors and clients
- Assisting with planning and building regulations submissions
- Supporting project delivery on site as required
- Contributing to the design development and overall quality of work within the studio

About You

We are looking for someone who is enthusiastic, technically capable and keen to develop their career within a design-focused practice.

Essential requirements:

- Qualified Architect or Architectural Technologist
- **Minimum 3 years post-qualification experience**
- Strong technical knowledge and detailing skills
- Experience working on UK-based projects
- Proficiency in relevant design and technical software (e.g. AutoCAD, Revit)
- Good understanding of UK Building Regulations
- Excellent communication and organisational skills
- Ability to work both independently and as part of a team

Desirable:

- Experience across multiple project sectors
- On-site experience during construction stages
- A proactive approach and willingness to take ownership of tasks

What We Offer

- Competitive salary, commensurate with experience
- A friendly, collaborative studio culture
- Opportunities for professional development and career progression
- Exposure to a varied portfolio of projects
- Flexible working arrangements (subject to role requirements)

How to Apply

Please submit:

- A CV
- A concise portfolio (PDF, max file size 10Mb)
- A short covering letter outlining your experience and interest in INC Architects

Applications should be sent to: **info@incarchitects.co.uk**

Closing date: **22 May 2026**
